Présentation de l'éditeur

The 72 Angel Cards, Dreams - Signs - Meditation contains initiatic keys that allow us to enter into the heart of our memories and our unconscious. The method consists in choosing a card that represents the qualities of the State of Consciousness of an Angel with which we wish to work. On the back of the card, we find the distortions that we are likely to encounter within us. For the choice of Angel, we can use the annual Angelic Calendar (included with the set) based on the date and hour of our births. We can also determine the Angel according to a problem we are experiencing or a quality we wish to develop or improve. Work with the Angels is spiritually autonomous initiatic work that creates openings of consciousness within the individual that are manifested in dreams and in powerful, identifiable signs related to the State of Consciousness of the Angel with which we are working. This is the revelation received by working with The Traditional Study of Angels. Through Angel Recitation (repeating an a name of an Angel like a mantra) this powerful initiatic work allows individuals to activate the Forces and the Powers of Angels within them. Working with The Traditional Study of Angels allows us to explore our unconscious nature and to enter into the depth of our memories. The set includes 74 cards and an introductory booklet. One of the cards shows the annual Angelic Calendar. Another card lists the main Divine Laws. Turning it over, we see an image that illustrates the different layers of memories the recitation practice is working on. On each of the other 72 cards, one side lists the qualities of the State of Consciousness of the particular Angel. The other side names the distortions that we can encounter within ourselves when we invoke that particular Angel. The booklet introduces us to The Traditional Study of Angels and explains Angel Recitation as well as its benefits. Accessible to all, The 72 Angel Cards also constitutes an ideal complement to the bestseller The Book of Angels, The Hidden Secrets, Dreams - Signs - Meditation by Kaya and Christiane Muller. *Biographie de l'auteur*

Kaya and Christiane Muller, professors, international speakers and bestselling authors, lecture extensively all around the world on the understanding of Angels, signs, dreams and symbols in Everyday Life. They have published many bestsellers in different languages on the subjects that have become reference in more than 20 countries. They are founders of the non-profit organization and Publishing House, Universe/City Mikael (UCM), through which they are devoting their lives to the teaching of The Traditional Study of Angels - Angelology, the interpretation of signs, dreams and symbols. They are experts in these fields and they are often invited to participate in many TV and radio programs. They are also very often interviewed by journalists to share their knowledge and research. Through their common work and devotion to helping humanity, they are breathing new life into one of the world's most ancient traditions.
